25X1 [redacted] Advised Jay Sourwine, Senate Internal Security Subcommittee staff, that a request has been made for the listing of OSS agents who worked in Yugoslavia but that no definition can be given at this time as to the time necessary to fill the request; what the classification of such a list would be; or whether such a list can, in fact, be compiled from records available at this time. Mr. Sourwine indicated he would await our recommendations when more definition was available as to whether he should place the unnamed senator directly in touch with us or whatever course of action might be appropriate at that time.

[redacted] In response to his telephone call of yesterday, I dropped by to see George Murphy, Joint Committee on Atomic Energy, to determine the area of the staff's interest for a briefing. Murphy said they are interested in knowing whether the Soviet Union had developed small nuclear weapons [redacted] and whether or not the Soviets are making these weapons available to bloc countries. I discussed this inquiry with [redacted] and will endeavor to satisfy the Joint Committee's inquiry without the necessity of an OSI briefing.
